Warranty Coverage

All electrical cables and products supplied by Global are warranted to comply with the specifications stated in the quotation provided to the original purchaser. Global guarantees that the products are sourced from manufacturers who use high-grade materials and employ good and careful workmanship. Should any defects arise under normal and proper use within the warranty period, due solely to faulty manufacturer's design or materials, Global will, at its discretion, facilitate the correction or replacement of the defective product at no cost to the original purchaser, provided that:

The repaired or replaced product will be delivered free of charge to the original place of delivery. Any defective product replaced under this warranty becomes the property of Global or the manufacturer, as applicable.

Warranty Period

Unless otherwise stated in the quotation, the warranty period is twelve (12) months, commencing from the date of delivery. If delivery is delayed due to circumstances beyond Global's control, the warranty period begins on the date the product is ready for dispatch from the manufacturer's or Global's facilities.

Limitations of Warranty

- This warranty is applicable only to the original purchaser and is not transferable.
- All liability under this warranty ceases at the end of the warranty period.
- Global's liability is limited to the correction or replacement of defective products only, as described above and does not extend to:
 - Consequential losses or damages, whether direct or indirect.
 - Expenses incurred by the purchaser for repairs, replacements, or other actions without Global's prior written authorization.

Exclusions

This warranty does not cover defects or damages resulting from:

- Improper use, storage, or handling of the products.
- Modifications or repairs made by parties other than those authorized by Global or the manufacturer.
